A bit about me

I have been at Ellowes Hall for 19 years and will be a part time tutor of Year 7 from September. I am excited to be able to welcome you all into the Ellowes family and guide you through your first stages of your secondary education.

As a Science teacher, my interests revolve around the outside world and how things work. I have a passion for car mechanics, health and fitness and travelling.

Contact:

My email address and the school phone number are listed on this sheet. Please contact your son/daughter's form tutor in the first instance with any queries. Unless urgent it is easier to reach me using my email. I can reply to you much quicker this way and when necessary ring you back regarding any issues at a convenient time.
