## A bit about me

I have completed my PGCE teacher training at Ellowes Hall and am now a fully qualified teacher of Mathematics. I am excited to be able to welcome you all into the Ellowes family and guide you through your first stages of your secondary education. I enjoy visiting the cinema and going to see live theatre shows. I also enjoy gaming both puzzle and multiplayer games. As a logical thinker I often visit escape rooms. I am an amateur baker and also enjoy swimming and cycling in the evenings.

## Contact:

My email address and the school phone number are listed on this sheet. Please contact your son/daughter's form tutor in the first instance with any queries. Unless urgent it is easier to reach me using my email. I can reply to you much quicker this way and when necessary ring you back regarding any issues at a convenient time.
