Anti-Social Behaviour

We have been made aware that a large group of youths have been gathering in the local area outside of school hours. Unfortunately, there has been a report of a small number of anti-social incidents including bricks being thrown, resulting in a window being smashed at a residential address.

As a school we work closely with the local police and always respond to any issues that occur in our local community. In addition, we consistently remind our students about how they should act responsibly and ask that parents/carers reiterate this message at home to deter from this kind of behaviour, which could reflect poorly on our students and our school as a whole.

We hope that we can rely on your support in this matter.

Thank you.
