

CLE

3rd April 2020

Dear Year 11 and Year 13 Students & Parents/Carers

Today we have received information from Ofqual (the body that oversees the awarding of GCSE and A level Grades) about how they intend to award final grades this Summer.

You will see that the documents are quite detailed and there is a rigorous process that schools will be following over the next couple of months.

One thing highlighted in the document is that schools are not to share the final grades they submit to Ofqual with students and parents/carers. To that end, from today you will not be able to see any mock/target or predicted grades for your child on our virtual platform. This will allow work to continue behind scenes but will not breach any instructions or requirements from Ofqual.

Please note that there is no requirement on students to complete any additional GCSE or A level work. We are still awaiting confirmation with regards BTEC grades and how they are to be awarded and will contact you again when we are in receipt of that.

Yours faithfully

Mrs Carla Leslie
Headteacher
